CHICAGO WINS

THE REPUBLICAN NATIONAL CONVENTION WILL MEET IN THE WINDY CITY.

SO DECIDED TODAY

The Convention is called for June 21 at High Noon.—The Committee Transacts the Usual Business Preparatory to Meeting of the Convention. Hard to Tell Which is the Republican Party of Porto Rico.

Washington, D. C., Dec. 12.—Chicago was today selected as the place of holding the next National Republican convention.

The choice of Chicago was made today by the National Republican Committee who also fixed June 21st at 12 o'clock as the time for the meeting of the convention. Communications were read today from the federal and republican parties of Porto Rico, both claiming the right to representation in the committee. Mayor Todd, of San Juan, representing the republican party, then appeared before the committee and gave a brief history of that party, which he said was established some time before the federal party. Each party is represented by two members in the local senate. He said his party controlled 58,000 out of 131,000 registered votes and its aim was to Americanize the island and stand by the administration. Other representatives of the republican party of Porto Rico were present and urged that they be given recognition.

The Porto Rican contest was referred to a committee. At 1:40 the committee adjourned to meet in Chicago at the call of the chairman.

Washington, D. C., Dec. 12.—The state department has been informed final steps are being taken for the formation of a permanent republican form of government in Panama. Knapp, the self-confessed murderer of two of his wives and three other victims, does not go to his death in the electric chair today, which is the date originally set for his execution. Almost at the last moment his lawyer succeeded in securing the appeal with the result that the alleged stranger is now assured of a further lease of life, as it may be another year before a final decision is reached.

SWEEPING DECISION

NEW YORK SUPREME COURT HANDS DOWN AN IMPORTANT OPINION.

A BLOW TO UNIONS

A Toastmaster in Chicago at a Contractors Banquet Refuses to Toast the Flag as the Emblem of Liberty. Says Men are Now Afraid of the Gompers' and the Mitchells.

New York Dec. 12.—The following agreement was made with the local electotypers and stereotypers' unions by the United States Printing Co., a corporation doing business in the city of Brooklyn, N. Y., that after January 1st it will retain only union men in its employ. Justice Marean in the supreme court has granted a temporary injunction restraining the company from discharging its non-union men. The order is issued against the company and unions directing them to show cause why the injunction should not be made permanent. The complainants allege the existence of a conspiracy to make the shop a union concern. The decision is sweeping in its provisions and restrains the unions from organizing a strike against the company, picketing, boycotting or in any other way interfering with its business.

Chicago, Ill., Dec. 12.—William D. O'Brien, toastmaster at the banquet of contractors and builders has refused to respond to the toast "The American Flag an Emblem of Liberty." "Why call it an emblem of liberty," cried, "when men are shot down in the streets because they are trying to earn an honest living; when we are afraid to assert our rights for fear some labor organization will oppose us." He declared that he wanted to make the National organization of the Employers' association that it would never again be necessary for the members to confer day after day with labor leaders to obtain their rights. Another speaker declared that he was tired of being told what to do by Gompers and Mitchell and other labor leaders.
